SHOWERS & VALVES

WARRANTIES

In the eyes of trade pros and consumers alike, our warranties are just as beautiful as our products. If the name Peerless[®] is on it, it's made to last.

Details and limitations on our warranties can be found at PeerlessFaucet.com or by contacting Peerless Faucet Company.

EFFICIENCY & ACCESSIBILITY

WATER-EFFICIENT PRODUCT

| Lavatory Faucets | Flow rate of 1.0/1.2 gpm |
|------------------|--|
| Kitchen Faucets | Flow rate of 1.5/1.8 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm |
| Shower Heads | Flow rate of 1.75/2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm |

WATER-EFFICIENT PRODUCT

WaterSense® and the WaterSense logo are registered trademarks of the U.S. Environmental Protection Agency.

ADA COMPLIANT

When you see this symbol, it means the product you're looking at is compliant with the Americans with Disabilities Act.

FINISHES

Our faucets boast striking silhouettes. But don't forget to consider finishes, too. Every faucet collection is available in at least two of these finish options.

DESIGN IN ACTION

To us, "design" isn't simply about how things look. It's also about how they handle the task at hand. As you flip through the catalog, be sure to look for these icons.

Our incredibly affordable alternative to pull-down sprayers. Look for this option exclusively on two-handle kitchen models.

See page 22 for details.

POWERinse™ TECHNOLOGY

Our most powerful rinsing option for extra cleaning action. Look for this option exclusively on pull-down kitchen models.

See page 20 for details.

TELECEDO TALTE

Our entry-level shower valve. The standard valve in our value-minded collections.

MULTICHOICE® UNIVERSAL VALVE

Our premier shower valve. Change shower trim styles and valve function down the road without altering plumbing behind the wall.

See page 46 for details.

PUSH POP-UP DRAIN

Our Push Pop-Up drains are easy to use and simple to install, creating fans with both trade pros and consumers alike.

See page 48 for details.

POWERush™ TECHNOLOGY

Our top-of-the-line showering experience. It uses larger drops in a unique wave pattern for a more drenching sensation.

See page 84 for details.

WHEN THE SPECS CALL FOR COMMON SENSE.

- A WORD TO TRADE PROFESSIONALS

We believe our products should work as hard as the people who spec and install them. That's why we give trade pros exactly what they demand: great looking products that don't cost a dime more than they should.

PROSUSE PEERLESS.

HERE'S ONE (MAKE THAT THREE) FOR THE PROS.

- A WORD TO TRADE PROFESSIONALS

Our most popular models are now available in Tract-Packs of three.

Spend your day installing faucets—not opening boxes. One Tract-Pack box includes three individually wrapped faucets (plus all parts) and a custom nut wrench* to keep you on-task and under budget.

*for lavatory models

Do Not Break Case

THE PEERLESS KITCHEN.

- 2024 COLLECTIONS

When you consider the effort, hours, and budgets that go into them, kitchens are the most design-intensive spaces in any home. With our style and functionality options on your side, you're sure to get it right.

POWERinse[®] TECHNOLOGY

— DESIGN IN ACTION

We designed POWERinse Technology thoughtfully. Intentionally. More than a typical spray mode, POWERinse Technology utilizes extremely narrow ports to create back pressure. That back pressure, in turn, results in a blast of water that easily powers away food residue.

You'll find POWERinse Technology on several of our kitchen faucet models as a third spray mode (in addition to full flow and traditional spray).

Look for the POWERinse Technology icon in the product details.

TWIST AERATOR

— DESIGN IN ACTION

When money is tight, our Twist Aerator is a great alternative to a traditional pull-down sprayer. A simple twist of the aerator unleashes a blast of water to help clean dirty dishes. And because the aerator swivels, it's perfect for cleaning the entire sink. You'll find Twist Aerators on several of our budget-minded kitchen faucet models.

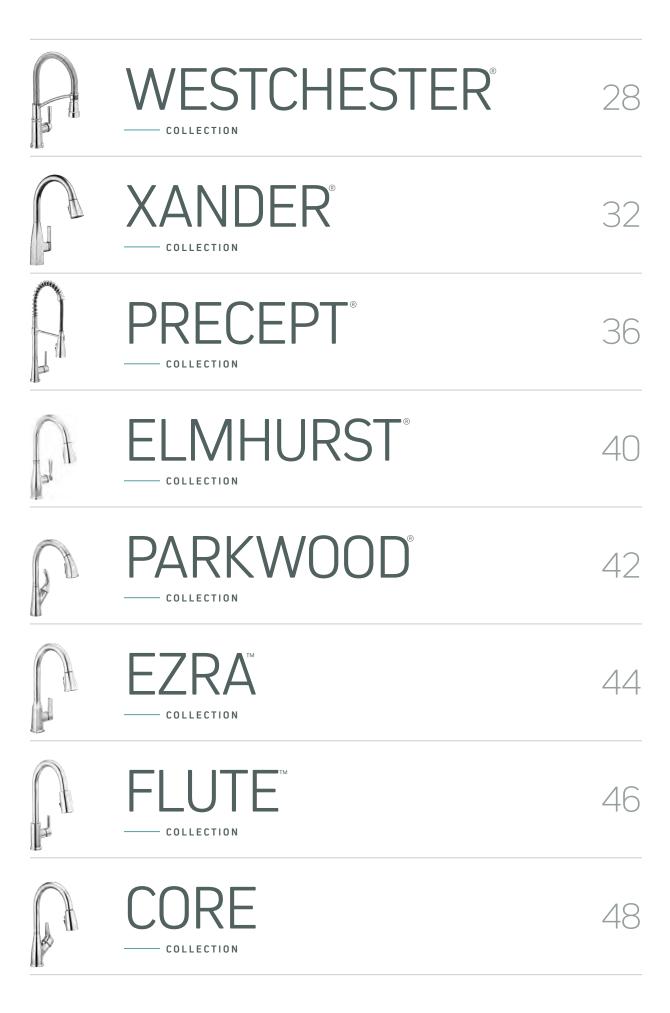

Look for the Twist Aerator icon in the product details.

GET THE LOOK. AND VALUE.

THE PEERLESS BATH.

- 2024 COLLECTIONS

It's the inner sanctum. It's a quiet place where days begin—and end. A welldesigned bathroom is both a centerpiece and a quiet retreat. We'll help you create the perfect space. And we'll keep you on budget in the process.

MULTICHOICE[®] UNIVERSAL VALVE

- DESIGN IN ACTION

The MultiChoice Universal Valve R10000 works with an array of shower trim styles. Simply rough-in the valve behind the wall and decide on a trim style later. That means a seamless, streamlined construction process now—and more freedom for remodels later.

Look for the MultiChoice Universal Valve icon in the product details.

PUSH POP-UP DRAIN

— DESIGN IN ACTION

Great design happens on scales large and small. That's why the details matter. These drains are simple to use, on-trend, and easy to install.

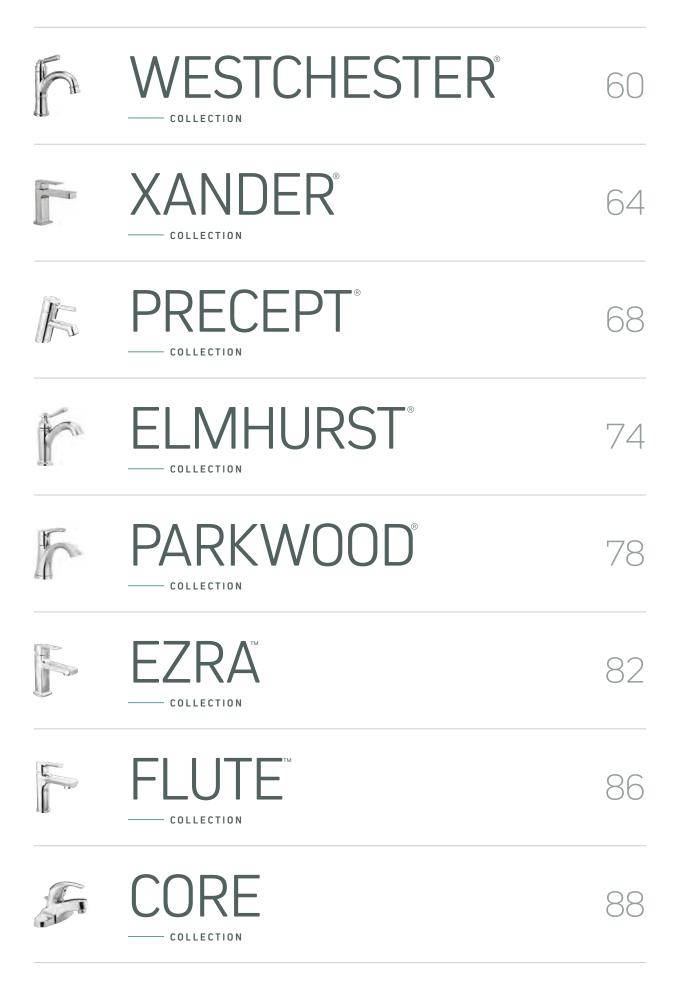

Look for the Push Pop-Up Drain icon in the product details.

A DESIGN FOR EVERY VIBE.

SHOWERS &VALVES.

- 2024 COLLECTIONS

Everyone can appreciate a good, hot shower. But if you're a trade pro, you can also appreciate everything that goes into making that good shower happen. At Peerless[®], we pair style with substance to get it right.

POWERush^a TECHNOLOGY

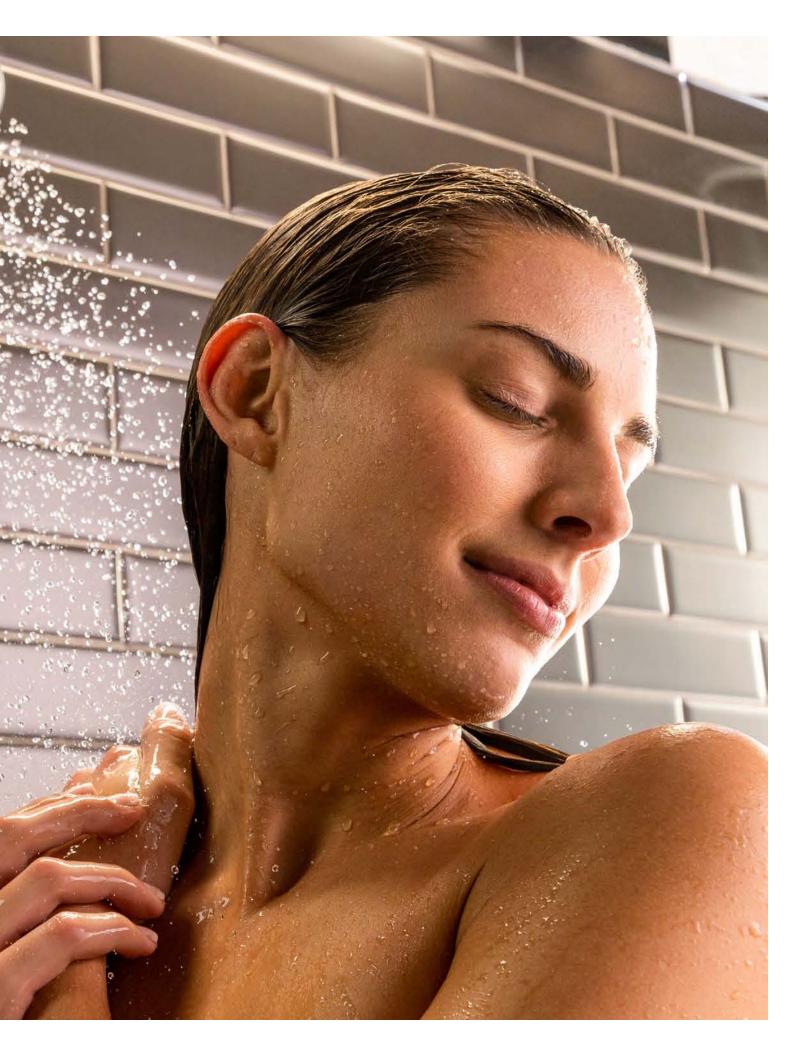

— DESIGN IN ACTION

Can we create a more rejuvenating showering experience without using additional water? That was the question we asked ourselves when we set out to rethink the conventional shower head. As it turns out, the answer is: Ohhhh yeah.

POWERush Technology provides a more drenching showering experience.

Look for the POWERush Technology icon in the product details.

SIDEKICK[®] SHOWER SYSTEM

— DESIGN IN ACTION

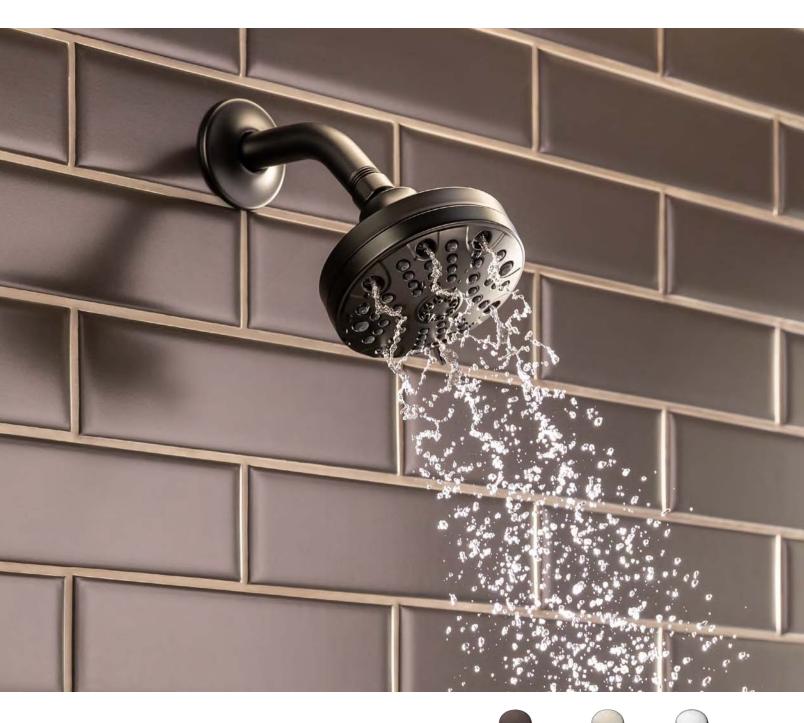

This one's for the multitaskers. Sidekick is a single shower system with an array of attachments and one-of-a-kind features. It's ideal for washing the dog, the baby, or the shower itself.

Specialized attachments are perfect for pet washing and scrubbing shower surrounds.

TERMS OF SERVICE

WARRANTY: These Peerless Faucet Company products are warranted to the original consumer purchaser for as long as the original consumer purchaser owns the home in which the faucet was first installed. A 5-year limited warranty applies to Peerless products used in all industrial, commercial, and business applications. A 10-year limited warranty applies to Peerless products used in multifamily applications. Please refer to the warranty enclosed with each Peerless product for specific details. Additional copies available upon request.

CREDIT: All orders are subject to credit approval.

WARRANTY RETURNS: A full customer price credit will be issued to authorized Peerless Faucet Company customers for returned product which is defective as described in the warranty. The return must be accompanied by a copy of an approved authorization form (RGA form D897B). A handling charge of 50% will be assessed against anyone returning product without prior authorization.

The defective product must be shipped freight prepaid by the least costly method of shipment. The freight cost of such shipments of defective merchandise will be added to the purchase price credit issued. If a replacement is made rather than a credit issued, Peerless Faucet Company will ship it freight prepaid. Product returned as defective which is found to be misused, abused, modified, or otherwise NOT DEFECTIVE will receive credit at scrap value only.

OTHER RETURNS: Non-defective product that appears in the current Peerless Faucet Company full-line price list and is in resalable condition will be considered by Peerless Faucet Company for return or replacement. Product returned that is not current production or not in resalable condition will be issued credit at scrap value only.

Product MAY NOT be returned without prior inspection and written authorization from a Peerless Faucet Company sales representative. Only product purchased direct from Peerless Faucet Company by a customer will be authorized for return. NO EXCEPTIONS! Return must be accompanied by an approved copy of authorization form (RGA form D897B). Product must be shipped freight prepaid by the least costly method of shipment. When credit is issued, it will be for the purchase price of the product at date of purchase less applicable transportation charges and 25% for handling and restocking. A handling charge of 50% will be assessed against anyone returning product without prior authorization.

PRICES: All prices and specifications of products are subject to change without notice or obligation. Orders will be invoiced at prices prevailing at time of shipment. Faucets or parts/accessories may not be combined for quantity discounts. Orders for specials or made-to-order items are not subject to cancellation and are not returnable.

RETURN ADDRESS: Returns are to be sent to the following address:

Peerless Faucet Company 3445 Ridgecrest Road Ext. Jackson, TN 38305

Attn: Returned Goods Department
